As you gather for this important event, may you reflect with pride on your exemplary work to make our regional economy the envy of the nation and the world.

On behalf of the nearly 700,000 residents of Washington, DC, I offer my heartfelt thanks for your service to our communities and my best wishes for a successful and memorable event.

A MESSAGE FROM THE GWHCC BUSINESS EXPO PRESENTING SPONSORS

Dear GWHCC Members,

As presenting sponsor of the Greater Washington Hispanic Chamber of Commerce (GWHCC) Business Expo on March 28 at the DC Convention Center, Verizon is honored to once again participate in one of the most important small business events in the DC Metro area attracting more than 1,000 business owners, entrepreneurs and community residents. The GWHCC is a leading regional business organization advancing small business community in the DC area, and what is so important about the GWHCC Expo is that it offers a unique full day experience that enables small businesses to showcase their services and connect with new clients through a business and cultural experience that reflects our Latino community and our contributions to the region.

At Verizon, we are proud to serve the Latino community and customers in many ways, and our commitment to supporting Hispanic small businesses and communities remains steadfast. We understand that supporting small businesses is the key to supporting growth of our local communities.

That is why we are so excited to be a part of the GWHCC Business Expo and share with Latino community members and business owners' information on how to grow their businesses. We will have a primary exhibit booth right in the middle of the exhibit hall, offer a workshop on cybersecurity and business starting at 10 am, provide information about our amazing Small Business Digital Ready program, and several Verizon business and consumer teams representatives will be available to connect with business owners and offer information on products and solutions to help grow their businesses.

Our participation at the Business Expo is another example of our commitment to serving the Latino community and customers by connecting directly with Hispanic small business owners and helping move Hispanic-owned businesses forward with pride and culture.

Please join us at the Expo and experience the amazing program and activities the GWHCC team has organized for this year's Expo.

Congratulations to the entire GWHCC board and team on another successful Business Expo.

Sincerely,

Mario Acosta-Velez
Vice President of Local Engagement, Corporate Social Responsibility and Public Policy
Verizon East Region
